FIGHT TO A FINISH WITH THE LABOR UNIONS.

POLICE BATTLE WITH THE MOB.

POLICEMEN ARE COMPELLED TO KNOCK MEN DOWN WITH CLUBS.

San Francisco Contest is Now Getting Very Serious for Both Sides.

SAN FRANCISCO, July 25.—The teamsters' strike is assuming more serious proportions as the days go by. Today at noon the drivers of many small delivery wagons and private trucks joined the ranks of the strikers, and it is estimated that by this action the number of strikers has been increased by 250 men.

A rumor of some definiteness is going the rounds of the downtown section to the effect that the stevedores will be called upon to join the locked-out men, in which case the shipping of the port will be completely tied up and no freight can be handled.

The strike managers seem to be well satisfied with the situation, but the same feeling of satisfaction pervades the ranks of the employing teamsters, who claim that a great quantity of merchandise is being moved and that, although there has been some difficulty in holding non-union men, after they have been talked to by the strikers, they are making good progress.

Fight a Finish.

So far neither side shows any disposition to give in, and should unions other than the Teamsters be drawn into the struggle the business men say

SCHLEY WILL HAVE A FAIR PUBLIC TRIAL.

GREAT CASE WILL BE HEARD IN WASHINGTON NEXT SEPTEMBER.

Prominent Officers of the Navy Will Take Part in the Affair.

WASHINGTON, July 25.—The Board of Inquiry which is to investigate the controversial points in Admiral Schley's conduct during the Spanish War will be composed of Admiral Dewey, president, and Admirals Kimberly and Benham.

When Court Will Meet.

The court will meet at the Navy Department in Washington September 12th. Secretary Long announced these facts today. The precept to the court, which is being prepared by Captain Lemley, the Judge Advocate-General, has not yet been completed. The scope of the inquiry will not be known until the precept and order for the convening of the court are issued. It is said that they will be promulgated by the Department tomorrow.

Proceedings Will Be Open.

Secretary Long says, however, that the proceedings of the court will be open and the widest latitude will be permitted in the matter of witnesses and that Rear Admiral Schley will be allowed to be represented by counsel. The secretary had nothing to say about the composition of the court except that it spoke for itself and to

SPEAKER HENDERSON LEAVES FOR BERLIN.

LONDON, July 25.—D. B. Henderson, Speaker of the United States House of Representatives, left here for Berlin this morning.

HAS BEEN APPOINTED A MILITARY GOVERNOR.

MANILA, July 25.—Captain Harry A. Smith of the Fifteenth Infantry has been appointed Military Governor of Laguna Province, Luzon.

The establishment of provincial government in this province has been deferred until next February.

THE BATTLE AGAINST UNIONISM.

SAN FRANCISCO, July 25.—The most important development in the local labor controversy today was the refusal of the Employers' Association to confer with the striking teamsters or any other labor organization or to take any action that could be construed into recognizing unionism. According to the stand taken by the employers no meeting will be held with the strikers unless they agree "not to strike again or enter into a boycott or to attempt to force employers to engage only union men, or to force or intimidate non-union men to join labor organizations, or to interfere with business of the employers."

These terms accepted, the employers say they stand ready to arbitrate any question of wages or hours of employment.

Mayor Phelan sought yesterday to bring about a meeting between the employers and their men. His proposition was considered by the Executive Committee of the Employers' Association this morning, and after the meeting adjourned word was sent to the Mayor that there could be no conference except upon terms above described. It is not known what effect the action of the employers will have upon the plans of the unions, but it is believed by those who have followed the course of the Labor Council that an attempt will be made at once to enforce retaliatory measures, probably to declare a general strike of all tradesmen in the city.

WANT CHAIR OF ST. PETER.

ROME, July 25.—Although the Pope is in excellent health, the feeling prevails at the Vatican that a meeting of the College of Cardinals cannot be far off and there is no secret that the candidates to the Papacy are making elaborate preparations for this conclave.

One of the chief characteristics of the next conclave, according to a high prelate, will be the large number of candidates for the chair of St. Peter, whereas after the death of Pius IX there were only three candidates whose chances for the Papacy were serious. Today half the Sacred College aspires to the chair and a first scrutiny is expected to show six or seven Cardinals are favored for the Pontificate. Those who are well informed anticipate a deadlock and the ultimate selection of an outsider who has not yet been mentioned.

M'KINLEY ISSUES A PROCLAMATION.

DECLARES FOR FREE TRADE BETWEEN PORTO RICO AND UNITED STATES.

Civil Government is Organized in Accordance With Act of Congress.

WASHINGTON, July 25.—The President issued his proclamation establishing free trade between Porto Rico and the United States and declaring the organization of a civil government for the island.

Proclamation Is Formal.

The proclamation is particularly formal, and only in the body of the resolutions adopted by the Porto Rican Legislature does it appear that the island is set free commercially today in commemoration of the anniversary of the planting of the American flag on the island.

"Cessation of Tariff."

The proclamation is headed: "Cessation of Tariff in Porto Rico."

It sets forth that the Foraker Act provides that whenever the Porto Rican Legislature has enacted and put into operation a system of local taxation to meet the needs of the Government and by resolution so notified the President, the latter shall issue a proclamation and all duties on goods passing between the United States and Porto Rico shall cease.

As the Legislature has complied with that requirement of the act in terms set out in the resolutions which are

MADE A BISHOP IN THE CHURCH.

NEW YORK, July 25.—With all the pomp befitting the occasion, the Rev. John O'Connor, former pastor of St. John's Church, Newark, was today consecrated Bishop of the Diocese of Newark. The ceremony took place in St. Patrick's Cathedral, Newark, the officiating prelate being Archbishop Corrigan of New York, assisted by Bishop Chas. E. McDonnell of Brooklyn and Bishop Jas. McFaul of Trenton. Several hundred bishops and priests were in attendance.

Among the priests in the sanctuary were representatives of the Jesuits, Carmelites, Dominicans, Franciscans, Capuchins and Benedictines, attired in the garb of their respective orders.

THE WORK OF A YOUNG FIEND.

DENVER, Colo., July 25.—Jessie Kinport, 14 years old, who was choked and assaulted on the night of July 8 and was found unconscious on a vacant lot near her home, has identified Roy Pennington, a youth of 15, who is under arrest, as her assailant. Pennington declares that he is innocent and can prove an alibi. The boy had been intimately acquainted with the Kinport family for a long time.

NON-UNION MEN TO RUN THE MILLS.

STEEL KINGS PLAN TO OPEN UP WORK IN A FEW DAYS.

Strikers Are Watching the Plants and Trouble is Feared.

PITTSBURG, Pa., July 25.—Sheet Steel strike developments of the last 24 hours indicate that the company's forces at Wellsville are slowly accomplishing their intention of operating the plant with non-union men.

Sneak Inside the Works.

Last night a number of new men succeeded in eluding the strikers and getting inside the works. There is no doubt the visit of President Shaffer to that place yesterday was made in order to prevent any possible cause for the interference of the courts by impressing on the strikers the importance of remaining orderly.

New Men Every Day.

Manager Brookman, of the Wellsville plant, in an interview, stated today that they were expecting new men every day and will have every mill in the plant running full next week.

Declaration of Mayor.

At McKeesport everything is quiet. The declaration of the Mayor last night that he would not permit deputies in the idle mills nor allow the police to protect the company's property, has caused a sensation. Hundreds of mill workers from Homestead and Du Quesne joined the McKeesport work-

GREAT RUSH FOR THE NEW LANDS.

EL RENO, O. T., July 25.—This is the last day but one on which persons may register for a chance in the drawing for the 13,000 claims in the Kiowa-Comanche reservation. The drawing will begin on Monday next. The registration has exceeded every estimate. For the sixteen days of filing ended yesterday the names of 149,925 applicants had been received, and it is expected that the grand total registration tomorrow evening will exceed 175,000. This will give each applicant a chance of about one in fourteen of winning a homestead. Today there are fully 35,000 people in El Reno, and incoming trains are hourly adding to the number. Hundreds of people slept out doors last night on lawns or on the open prairie, unable to secure better accommodations. There is plenty of water and food and no serious hardships are being endured, notwithstanding the heat for days has kept the thermometer above 100 degrees.

CONSTANTINOPLE, July 25.—The Turkish government has arbitrarily refused to permit the Greek squadron to visit Smyrna, Solonica and Mount Athos. Diplomats regard the action of the Turkish government in this particular as illegal.

DR. DILLE TELLS OF TRIP.

After an absence of five months in Europe the Rev. E. R. Dille, pastor of the First Methodist Church, returned this afternoon to assume his duties among his flock. Save for a slight cold and the consequent fatigue of his long journey, the pastor looks as strong and buoyant as when he left for Europe.

In speaking of his extensive tour and the individual impressions gained by visiting the various capitals and historical corners of the Old World, the minister claimed that the particular place of interest in his travels that appealed more than others to his imagination and profession was the Holy Land. The three weeks that he remained there were devoted to study and investigation. In fact his whole time during his travels, to quote his own remarks, was given up more to study than casual observance and pleasure.

A GREAT CATHOLIC CEREMONIAL.

FATHER PETER J. MULDOON IS CONSECRATED THE TITULAR BISHOP OF TAMASSENSIS.

Great Scene in the Large Cathedral of the Holy Name in Chicago.

CHICAGO, Ill., July 25.—An audience of thousands, awed by the solemnity and magic of Roman Catholic ceremonial, today witnessed the consecration of Rev. Father Peter J. Muldoon as Titular Bishop of Tamassensis and Auxiliary to Most Reverend P. A. Feehan, Archbishop of Chicago.

Holy Name Cathedral presented a scene of almost regal splendor to the spectators crowded within its walls.

Mass Celebrated.

Cardinal Sebastian Martinelli of Washington, D. C., acted as Consecrator, while two Archbishops, Feehan of Chicago and Ryan of Philadelphia, a dozen bishops, four hundred priests and scores of acolytes assisted in the ceremonies and celebration of mass.

Father Muldoon was escorted by the Right Reverend James Ryan, Bishop of Alton, Ill., and the Right Reverend Henry Cosgrove, Bishop of Davenport, Iowa, to the foot of the main altar, where, uncovering his head, he bent in profound obeisance to the Consecrator, who was seated, and kissed the latter's ring.

NO TRAFFIC ON THE BIG BRIDGE.

NEW YORK, July 25.—No attempt was made this morning to resume full service on the Brooklyn bridge, on which several suspension rods were found to be broken yesterday. Engineers examined the bridge carefully today and it is expected that full repairs will be made in a day or two.

About noon an order was issued stopping all street car and vehicle traffic on the bridge. Acting District Attorney Le Barbour has called the attention of the Police Commissioners that the breakage was known to the bridge officials for over a week. If this were so, and no steps were taken looking to repairs, then the officials were guilty of criminal negligence and the case will be presented at once to the Grand Jury.

KANSAS WILL HAVE A LITTLE COOLER WEATHER.

KANSAS CITY, Mo., July 25.—The prospects for today in the Southwest are for slightly cooler weather, but still with no rain in sight. In Kansas City, at 11 o'clock, the Weather Bureau reported 93, six degrees lower than at the same hour yesterday. Sprinkles of rain last night are reported from parts of Arkansas and Oklahoma, Brunswick, Mo., and Hays, Kas. A good south breeze last night improved conditions locally.

CONTESTS DR. KOCH'S THEORY.

EARL OF SPENCER DOES NOT BELIEVE IN THE NEW LINE OF THOUGHT.

Still Believes That Tuberculosis Can be Transmitted From Cattle.

LONDON, July 25.—Presiding at this afternoon's session of the British Congress of Tuberculosis, Earl Spencer (Chancellor of the Victoria University and vice-president of the Congress), severely criticised Dr. Koch's theory to the effect that human beings were immune from contagion from tuberculosis cattle.

Earl Spencer said he hoped this was true, but that he hoped more that the dissemination of such views would not tend to cause laxity on the part of the dairymen and cattle owners, or less vigilance by the authorities charged with protecting the consumers of milk.

The speaker earnestly trusted the Congress would not endorse the view that it was unnecessary to take measures to prevent the transmission of tuberculosis from animals to humans.

ELKS HAVE A LARGE PARADE.

MILWAUKEE, Wis., July 25.—The question of selecting a city for the erection of a National Elks' Home for aged and indigent members has been laid over for another year. This was the recommendation of the committee having the matter in charge. The report was presented to the Grand Lodge at this forenoon's session and was ratified by the convention without debate.

The Grand Lodge increased the Committee on Elks' Home by the election of Jerome B. Fisher, Past Grand Exalted Ruler. This committee meets with the Grand Board of Trustees, of which Joseph T. Fanning of Indianapolis is chairman.

The report of the Committee on Laws and Appeals came before the convention at noon, and much time will be occupied in its consideration. The Corso and Elks' Carnival Parade was the feature this afternoon.

ATTEMPTED SUICIDE IN A PULLMAN CAR.

BUTTE, Mont., July 25.—Harry H. Armsted refuses to give any reason for his attempted suicide. George W. Fletcher, his companion, declares money matters had nothig to do with the affair.

CLEVERLY TRAILED THE THIEF.

SIXTY STOLEN JARDINIERES ARE LOCATED IN A SIXTH STREET HOME.

Harry W. Teeple and D. C. McConnell Must Explain to the Police.

About sixty jardinieres and hanging baskets, believed to have been stolen were found this morning by the local police, who think they have solved a mystery which has puzzled the Department for more than two years.

Early this morning the police were notified that six jardiniers were stolen last night from the home of J. K. Orr at 149 Eighth street, and Detectives Denny Holland and A. Shorey were detailed on the case. They went to the house and there found a trail of earth, which had evidently been dropped from one of the stolen jardiniers. They followed this trail to Eighth street, thence to Oak street, to Seventh, to Sixth and up a flight of steps leading to the veranda at 80 Sixth street.

While Holland watched the house Shorey returned and secured a search warrant. Upon entering the house under authority of the warrant they found the rear yard filled with jardinieres and hanging baskets. It is estimated that in all there were more than sixty of those articles. Orr was summoned and soon pointed out his property and it was removed in an express wagon, along with ten other jardinieres to the City Prison.

The detectives found the house occupied by two young women and a child. The women gave their names as Mrs. D. C. McConnell, and Mrs. Harry W. Teeple, and declared that their husbands were both Southern Pacific conductors and were away on a trip. They were questioned closely about the jardinieres, but gave evasive answers stating that they did not know how the stolen articles came to be in the house. They did not know who brought them, they claimed, and did not know where the articles belonged. Further than that the detectives could get no satisfaction, except that the women admitted that the stolen articles did not belong to them. No arrests were made, but the matter will be investigated thoroughly and the police believe that they will soon land the culprit.

"This thing has been going on for two years," said Captain Wilson, who, in the absence of Chief Hodgkins, is acting as Chief, "but try as we would to discover the thief we have always been outwitted. We have had men in San Francisco and Oakland working for weeks for some clew, but their efforts have been fruitless until today. It looks like the work of some monomaniac with a craze for jardinieres. We found the rear yard of the premises, as well as the house, filled with vases of every description. The case will be thoroughly investigated."

THE MACHINISTS HAVE REFUSED THE OFFERS.

Philadelphia, Pa., July 25.—The machinists and blacksmiths, about 200 in all, employed in the shops of the Philadelphia and Reading Railway at Port Richmond, in the northeastern section of the city, have unanimously decided to reject the company's offer of an advance of 5 per cent in their wages. The employes demanded the 12 per cent taken from their pay four years ago and gave the company until tomorrow to answer, at which time the men say they will strike if the desired concession is not granted.

MRS. WARE SAYS HE WAS CRUEL.

Claims That Her Handsome Husband Gave Her Pair of Black Eyes.

Through her attorney, Judge Mortimer Smith, Mrs. May A. Ware today brought suit for divorce from Frank E. Ware, familiarly known as the "handsomest conductor on the Southern Pacific system," on the ground of extreme cruelty.

The couple were married June 3, 1893. Mrs. Ware claims that in February of this year her husband struck her in the face with his fist, badly bruising her eyes and causing them to remain black for several days; that in June of this year he violently threw her upon a sofa and struck her head on the back of that article of furniture, threw her upon the floor and threatened to kill her.

Mrs. Ware further alleges that her husband frequently cursed her, shaking his fist in her face in a threatening manner and declaring that he was sorry he had ever married her.

The plaintiff was formerly Miss May A. Edwards, and as such she was prominent in local circles. Her marriage to Ware was a social event. Soon after their marriage Ware was threatened with a breach of promise suit, but it was never brought to trial.

Recently Mrs. Ware was made the co-respondent in a suit for divorce brought by Mrs. May H. Drake against T. M. Drake. Drake denies that there was ever any intimacy between him and Mrs. Ware, and he intends to contest the suit.

HEALTH OF THE CITY IS VERY GOOD.

Secretary Dan Doody of the Board of Health has prepared some interesting figures for the years 1900-1901 which will be found in his annual report:

The total number of deaths for the year has been 1,023. This is an increase on the number of births, but the birth report, it is thought, is not exactly correct. According to the State law the physicians are supposed to report all births at the Health Office. The average reports received monthly are about 80.

During the year there has not been one case of death by smallpox.

The deaths by tuberculosis lead the list, being 160; heart disease, 132; pneumonia, 118; cancer, 52; apoplexy, 51; accident, 42; suicide, 18; typhoid, 10.

Although rather a gruesome subject, it is nevertheless interesting to note the means most of the suicides took their lives. By gas, 3; gun shot wounds, 6; hanging, 3; carbolic acid, 2.

The report shows that the general health of the city is excellent and that Oakland is an extremely fortunate city in which to live.

THE JONAS CO.'S GREAT DUMP SALE.

An Opportunity That Comes Only Once in a Lifetime.

The Jonas Clothing Company of 1065 Broadway, near Twelfth street, has begun a Dump Sale of its fine stock of men's, boys' and childrens clothing, and while it lasts every person who studies economy should take advantage of it. The stock comprises the finest make of ready to wear clothing in America, and the firm's name is a standard for doing just what it advertises. Union labor is represented in this stock, for this store is headquarters for the celebrated Carhartt Union Made Clothing, which is famous for fit and finish. Mothers who are dressing their children for school next Monday will save considerable money by examinging this stock before purchasing elsewhere. All the goods must and positively will be cleared out. Remember the place, 1065 Broadway, near Twelfth street.

DELEHANTY HAD TO PAY THE TEN DOLLARS.

A question arose in the Health Office this morning which caused considerable discussion and was referred to Deputy City Attorney Condon before it was finally settled. It was in regard to the ordinance regulating the removal of dead bodies from the city.

P. J. Delehanty, the undertaker, appeared at the Health Office and applied for a permit to remove a body that had been interred for two months. Upon looking up the ordinance Secretary Doody demanded that Delehanty secure an order from the Mayor, as is required when bodies have not been interred a year. When Delehanty presented the order, signed by Mayor Barstow, Doody demanded $10 for the permit. Delehanty refused to pay at first, and the matter was referred to the City Attorney with the result that Doody was upheld. The application for such a permit is an unusual one and the law on the subject is not generally understood.

express the hope that the members chosen would be satisfactory to all concerned. He pointed out that none of the officers chosen had, so far as he knew, expressed an opinion concerning what is known as the Sampson-Schley controversy and it was therefore to be presumed that they would enter upon their work in an impartial and unprejudiced spirit.

Fighting Men.

The members of the court are distinctively fighting men. Each has been connected with a celebrated event in naval annals. Of Admiral Dewey, the hero of the battle of Manila Bay, it is unnecessary to speak. His record is familiar to all. His associates, Rear Admiral Kimberly and Rear Admiral Benham, are both retired officers.

Admiral Kimberly Declines.

West Newton, Mass., July 25.—Rear-Admiral L. A. Kimberly said today that, owing to ill-health he would ask to be relieved from serving on the Sampson-Schley Court of Inquiry.

WASHINGTON, July 25.—Late this afternoon Secretary Long reconsidered his decision to appoint Commander Pillsbury as Judge Advocate of the Admiral Schley trial. A final decision in that matter has not yet been made.

EIGHTEEN THOUSAND TO STRIKE.

(Continued From Page 1.)

they will fight the matter to a finish, even if it ties up the entire business section of the city.

On Bryant street, between Third and Fourth this morning, there was a clash between the police and a large crowd of teamsters and their sympathizers. For an hour trouble of a most serious nature seemed imminent, and in the repeated charging upon the crowds by the police clubs were freely used.

Knocked Down.

Several men were knocked down by the officers, who were in charge of Sergeant Wolf, and several times there were riot features.

The teamsters were infuriated by the drubbings which they saw administered to their fellows and openly hurled imprecations at the policemen. Several chunks of coal were thrown at one officer.

The trouble occurred in front of the California Canneries, where a nut had been removed from a wagon.

At noon a load of fruit cans was dumped from a McNab & Smith wagon into the street.

Police Duty.

Members of the Teamsters' Brotherhood performed police duty at the Jackson street wharf this morning. The crowds of idlers who took advantage of the conditions yesterday to raid the piles of fruit stacked up on the dock were absent today. Five pickets of the brotherhood were permitted on the wharf and assisted the police in keeping out others who had no business about the place. The result was an abatement of the confusion and no trouble of any kind occurred.

Policemen guarded the wagons driven by non-union teamsters, and a greater number of drays were in service than yesterday. The arguments of the brotherhood men induced four non-union drivers to abandon their teams at the Jackson street wharf. Owing to the fact that teams could not be secured to haul jute bales from the wharves the shipment of bags from San Quentin has been suspended. A large quantity of jute bags is now on the Jackson street wharf, awaiting transportation.

Feeling of Expectancy.

Among the longshoremen and stevedores there was an evident feeling of expectancy, based on the rumors that these unions would be called out today. Various stories were circulated to the effect that some action of this kind would be taken, but at noon no strike order for the freight handlers had been issued. An officer of the City Front Federation stated that the men had not been ordered to strike, but that such a development might be expected to occur before night.

Eighteen Thousand to Go Out.

Among the men employed in various trades along the water line the opinion is expressed that the entire City Front Federation of Labor unions, including about 18,000 men, will be called out within the next few days.

At the Pacific Mail dock nothing new was reported. The movement of bonded freight by teamsters who have been sworn in as Customs Inspectors continued, but little attempt was made to carry away other freight. The pickets of the Teamsters' Brotherhood keep tab on the movements of non-union drivers and in some instances induced the substitute men to stop work.

"Therefore, I, William McKinley, President of the United States, in pursuance of the law above quoted, and upon the foregoing due notification, do hereby issue this, my proclamation, and do declare and make known that a civil government for Porto Rico has been organized in accordance with the provisions of the said act of Congress.

men this morning in a procession to the Mayor's office to thank him for the stand taken. The men of the Boston Iron and Steel Company formed an Amalgamated Lodge last night with 60 members. There was no change in the status of affairs at the works in this city.

Railroads Feel Effect.

The railroads are beginning to feel the effects of the strike in the countermanding of orders for coal shipments that had been placed by the different mills previous to the beginning of the strike.

Shaffer's Statement.

President Shaffer refused to discuss the reports that something definite would be done by him within the next day or two in the way of calling a strike in more mills. Other Amalgamated officials, however, intimated that the attempt of the companies to resume operations at their mills with non-union men or the carrying out of the threat to break the strike by court injunctions, restraining the strikers from interfering with the non-union men on the streets, would precipitate a crisis and compel Mr. Shaffer to put his plan of strike extension into execution.

RECOVERED HIS DOG BY SEARCH WARRANT.

In the Police Court this morning C. M. Stegman recovered possession of a valuable fox terrier by search warrant proceedings. The animal was found on the premises at 747 Market street. There was no contest.

DR. DILLE TELLS OF TRIP.

(Continued From Page 1.)

of civilization where emanate the rudiments of advanced thought and superior education, but in the Holy Land is the sacred tomb of the Savior of mankind, who gave to the world the light necessary to preserve and perpetuate the wisdom of the Romans. Surely this is the land where thoughts of the most stupendous nature are exercised in contemplating the evidences of the Redeemer's presence on earth.

Florence, Venice and Milan.

"From the Holy Land," said the speaker, "I next visited Florence, Venice, and Milan the trinity of picturesque cities that form the center of the world of art. After a brief but intensely interesting sojourn among these beautiful cities I journeyed through the Alps to Munich and thence to Paris and London. This trip through the mountains and my stay at Paris and London lasted nearly a month.

Visited aPris.

"In Paris I visited nearly all the places of a historical nature and most of those of modern fame. The capital of the French Republic impresses one as being a vast stage where thousands and thousands of human beings try to outshine one another in their gorgeous costumes and their ambition for their indulgence in all forms of pleasure and merriment.

In Old England.

"Leaving France I crossed over into England where I immediately endeavored to visit all the places of interest that history has made nearly all the world conversant with. I spent ten days alone in London and have a wealth of information that I will soon impart to the members of the congregation.

Crossed Into Ireland.

"Landing in Queenstown, Ireland, I concluded my tour of the Holy Land, Egypt, Italy, France, England and in fact nearly all of the old world. Last Sunday week I sailed from Queenstown homeward bound.

On the Way Home.

"No further stops were made, either in New York or the interior States, from the time I landed in America. I left Chicago at 12:25 last Monday. The intense heat has made me somewhat ill, but outside of this fatigue I feel just as perfect in health as when I left Oakland five months ago today."

It is the intention of Dr. Dille to arrange the information gained in his travels in a series of lectures to be delivered before his congregation. He thinks it likely that he will set aside the text for next Sunday's sermon and substitute in its place the subject of the "Holy Land."

Immediately upon arrival here Dr. Dille was driven to his home at 1227 Myrtle street, where he was welcomed home by his family and a few intimate friends.

STRIKE AT SCRANTON HAS BEEN A FAILURE.

SCRANTON, Pa., July 25.—The Allis-Chalmers Company resumed work in all departments of its Scranton machine shops today, the strike of nine weeks' duration for a nine-hour working day without reduction in wages having failed. Over 1,200 men returned to work. Three hundred men also returned to work at Finch's Foundry and at the Brooks & McLane works. No concessions were made.

A GREAT CATHOLIC CEREMONIAL.

(Continued From Page 1.)

purple cassock and on his head was the purple beretta, which later he laid aside for the mitre.

Following the kissing of the ring, Father Muldoon prostrated himself on the carpet before the altar. He then arose and was officially introduced for promotion. After examining the candidate on church doctrines, Mgr. Martinelli administered the oath of fealty and duty.

Blessed the Vestments.

The Cardinal then laid aside his mitre and after saying the Confession, proceeded with the high pontifical mass with which the ceremony of consecration had been interspersed. He then blessed the vestments, after which each one was solemnly conferred upon the Bishop. The ceremonies occupied three hours and reached their climax when Bishop Muldoon, crozier in hand, made the rounds of the cathedral, escorted by the assisting bishops, blessing the people. He then returned to the altar and the ceremonies came to an end with a prayer and a hymn.

Magnificent Presents.

Bishop Muldoon's vestments including the gold plated and jeweled crozier, were presented to him by various organizations of priests, of which he was a member, and cost $10,000. They were of the finest silk and linen, edged with pearls and bedecked with amethysts and diamonds. A small company of artisans worked for months in Lyons, France, preparing them.

Sacramento Cremation Association

A CORPORATION

proposes to erect a Crematory in the city of Sacramento. We propose to make our charges so low that we hope to conduct all cremations outside of San Francisco within a radius of two hundred miles from Sacramento.

The Directors are JOHN HOESCH, W. R. HALL, L. A. NORTON, W. P. TANQUARY and P. H. MCGRATH.

For full particulars, address

JOHN HOESCH,
Deputy Secretary of State,
Sacramento, Calif.

CREMATION.

The Odd Fellows' Cemetery, San Francisco.

It has expended nearly $200,000 on buildings, plant and grounds. Has nve furnaces. A body is consumed without contact with flame. Every part reduced to ashes by intense heat.

It has no stock nor stockholders. It does not divide profits. It aims to make its receipts equal expenditures. All profits are expended on the care of its property and the perfection of its works.

Prices for cremation are: Infants under ten, $10; ten to fifteen, $15; members of societies and associations and their families, $30; all others, $35; which prices include a copper receptacle for the ashes, and the use of the chapel and organist.

As soon as business permits, charges will be reduced. A proposition to lower the cost of cremation to $20 is under consideration. A special arrangement is now nearly perfected so that a body sent from any place in the State of California will be cremated at a total expense not to exceed the above rates.

And all this is NOT FOR THE ACCUMULATION OF PROFIT, but in the promotion of funeral reform and for the benefit of the widow and orphan. If necessary for the cause, we will place agents in Oakland, Alameda and San Jose, to carry on our work.

Manager.

FRATERNAL NEWS OF THE WEEK.

Many Interesting Events Recorded in the Local Lodgerooms.

Oak Leaf Lodge, No. 35, A. O. U. W. had a large attendance at its meeting Monday evening.

A former member who left the A. O. U. W. to join another order, came back to the fold being satisfied by practical proof that this order is the peer of any fraternal organization in existence.

District Deputy Grand Master Workman F. Clifford ably assisted Brother J. H. Cooper as Grand Foreman; Brother J. N. Jacobsen as Grand Overseer; Brother J. L. Guptill of Fresno as Grand Recorder; Brother F. Matheson as Grand Receiver and Brother L. Leimert as Grand Past Master Workman installed the following officers for the ensuing term: Past Master Workman, W. A. Anderson; Master Workman, James Andrew; Foreman, E. A. Thompson; Recorder, W. J. Hall; Receiver, M. Isaacs; Guide, C. H. Miller; Outside Watch, W. J. Oakes; Trustees, J. W. Preston, J. W. Jacobsen, and L. Leimert.

After the officers were duly installed, a harty vote of thanks was extended to the installing officers.

During the evening, eloquent remarks were made by Past Master Workmen Gibson, Macdonald, Cogan, Colquhoun, Hall, Clifford, and Brothers Kroll, Neilson and Greenbaum.

Just before lodge adjourned, refreshments were served.

Brother Kline sent a box of peaches from his orchard and Brother Macdonald presented a cheese which he had made on his ranch specially for the occasion. The committee to visit the sick reported that Brother Charles Hurd was very ill at the Railroad Hospital in San Francisco and that Brother C. C. Crowley had received a gunshot wound in his hand whilst handling weapons and he was at the same hospital. Brother Cohn was declared off the sick list as he is convalescent.

PACIFIC LODGE.

Last Thursday evening at Pacific Lodge, Past Grand Master Charles E. Snook gave a discourse on "Men and Measures of the Supreme Lodge."

Brother Snook has just returned from the session of that body, which was held in Buffalo, and must have made good use of his time and got well acquainted with every thing that pertains to the order.

His description of the Supreme Lodge officers was very graphic, and each listener could imagine that he was present, taking part in the meeting.

Brother Snook stated that the representative from this State did not suffer by comparison and were able to hold their own in any argument or debate, especially when this jurisdiction was interested. Brothers Danforth, Barnes, and Hirschberg held places on important committees, and Danforth was again elected as one of the trustees.

At the conclusion of his address, Brother Snook was given a vote of thanks.

Among those who were present were Past Masters Cogan, Hall, Preston, Isaacs, Macdonald, and Leimert of Oak Leaf; Fisk of California and Kemp, McKowan, and Gilmore of Pacific.

Past Master Marston of Pacific Lodge who has been seriously ill, is improving slowly.

Receiver Fenton of Pacific Lodge has gone to Bartlett Springs for a few weeks' rest.

Recorder Gilmore has just returned from a short trip to the country.

Royal Arcanum.

Sierra Council, No. 1,642 at its regular meeting last Monday night, voted to receive the grand officers living about the bay, at their second meeting in August. These officers are vice grand regent, G. Gunzendorf, San Francisco; grand chaplain, Rev. T. S. Brush, Alameda; grand warden, T. L. Hodgkins, San Francisco, and chairman of committee on laws, Dr. Walter F. Lewis, Oakland.

Alameda Council will be invited and a very interesting meeting is expected.

Knights of Pythias.

The confering of the rank of esquire at its convention of Thursday evening, July the 18th, was the means of filling the spacious castle hall of Oakland Lodge, No. 103, K. of P., to its utmost capacity.

Three pages were advanced to the rank.

A feature of the work became manifest in the oral portion of the ceremony for the scholastic manner in which it was rendered. Those participating are to be commended.

Active preparations have been made for the conferring of the knight rank in long form at this evening's session. Captain E. Bernstein has promised to have present a degree team of more than ordinary ability.

All members of the order in good standing are cordially invited to be present.

At the last meeting, one application for membership in the order was received.

LIBERTY LODGE.

On Thursday, July 18th, Liberty Lodge, No. 35, K. of P., conferred the rank of knight upon esquires Johnson, Goodwin, Byers, Hahn, Allen, Morgan, Adams and Murphy. This makes thirty-two who have taken the knight rank since February 1, 1901.

On Thursday evening, July 25th, Liberty Lodge, No. 35, will give a midsummer social at Alcatraz Hall, to which all K. of P's are cordially invited. Admittance has been fixed at 25 cents per couple.

PIEDMONT LODGE.

Piedmont Lodge, No. 172, Monday last initiated one candidate in the rank of page. A number of visitors were present and spoke kind words of encouragement to the officers who are somewhat new in the work.

On Thursday of this week, a number of members will visit Oakland Lodge, No 103 and witness the conferring of the Knight rank in long form.

The Esquire rank will be conferred on Monday next.

Major P. O'Kane has promised several new applications for next week.

DIRIGO LODGE, NO. 224.

It has been just four weeks since this lodge, with a membership of fifty-two, was instituted by Deputy Grand Chancellor James Sloan. In that time, about fifty new applications for membership have been received, and the lodge has been very busy, conferring the different ranks.

Last Tuesday night, the new team, under Captain H. B. Rush conferred the Knight Rank upon the following seventeen Esquires: C. Coleman, J. E Foy, Archie T. Brown, A. V. Du Brutz, Louis D. Selna, George H. Derrick, M. D., E. Fritsch, L. E. Edwards, H. A. Keller, Adolph Zeiss, Fred K. Fox, E. L. Broadwater, F. R. Williamson, Frank T. Ford, R. G. Smith, C. L. E. Wink and N. D. Hughes.

All the members knew their lines well and the esquires and many visitors present were very well pleased with the work.

Eight lodges were represented by twenty visitors, among whom were Past Supreme Representative, F. E. Corey, of Stockton, Cal., and Brother E. L. Logan, of Dalles City, Illinois.

Next Tuesday night, the lodge will commence conferring the different ranks upon twenty or thirty more strangers.

The officers of Dirigo Lodge are C. C., Carl F. Wood; V. C., R. D. Holmes; prelate, M. Bock; M. of W., H. B. Rush; K. of R. and S., C. J. Flagg; M. of F., E. Koertner; M. of E., F. W. Larmer; I. G., F. A. Bush, O. G., E. N. Myer.

Masonic.

BROOKLYN LODGE.

Brooklyn Lodge No. 225, F. and A. M., East Oakland, will confer the third degree next Tuesday evening, July 30th.

Young Men's Institute.

The seventeenth grand council of the Young Men's Institute will convene in San Francisco Monday, August 19th, and will continue in session four days.

Although the delegates assemble for the purpose of advancing the interests of the organization, the social side of life is not neglected.

The Grand Council will be opened with a solemn high mass, Monday morning.

After mass, the first business session will be called to order in the headquarters by Grand President L. E. Mahan.

In the evening the Young Ladies' Institute will tender the delegates a reception in Native Sons' Hall.

Tuesday evening the delegates will enjoy a theater party, 200 seats having been reserved at the Orpheum.

The grand ball will be held in Odd Fellows' Hall, Wednesday evening.

Thursday evening has been set apart for the annual banquet, and on Friday the delegates will enjoy a trolley ride, and lunch will be served at the Cliff House.

B. P. O. E.

A most encouraging report comes from Milwaukee regarding the progress made, during the past year, by the Benevolent and Protective Order of Elks, the grand lodge of which is in session at that place. The report of Grand Exalted Ruler Fisher shows that during the past year 113 new dispensations had been granted and that now there were 725 lodges having a membership of 96,000, showing an increase since the last convention of 33 1-3 per cent. The order had contributed $107,411 to the Galveston fund. The financial condition of the Grand Lodge showed a balance on hand in the treasury of $30,000.

Young Ladies' Institute.

Young Ladies' Institute No. 24 held a very interesting business meeting Thursday evening.

CALIFORNIA'S OIL COMBINE.

The much-talked of combination of California oil producers is in process of construction, and for once even the most violent opponent of everything in the form of a monopoly will not feel like raising a voice in opposition for it is patent that unless some such combination is effected, the oil industry of the State will be in a bad way for a long time to come. Over production is the trouble that has been confronting the producers for several months past, and at the present time many of the best wells are closed down simply because to market petroleum at the prevailing prices would not leave an iota of profit. A year or so ago oil readily brought $1 a barrel in the Central California fields, but during the past six months the price has steadily dropped until it is now down to a bed rock quotation of 20 cents, in fact it is said that in some instances, sales have been made as low as 15 cents.

When the operating expenses are taken into consideration, prices such as are now quoted are of course ruinous, and unless something is speedily done, the industry which was so promising a few months ago will hamper rather than aid our advancement. However, in Los Angeles, a similar condition of affairs prevailed in the early days of the oil excitement there, for after dropping from $1 to 25 cents a barrel, a reaction took place and prices ranged as high as $1.60 before twelve months had passed. It must not be forgotten though that the production in Central California is so great proportionately to that of the Southern oil belts, that no such pronounced upward movement can take place as a natural result of the demands of business and thus it is that the oil men are now talking of a combination.

The purposes of the consolidation will not be to so monopolize and handle the oil as to injure the demand, for such a policy would be suicidal. What is sought is to secure a fair market price, one at which oil will be far cheaper than coal for fuel purposes, and if this is established and maintained, it is only a question of time ere the liquid mineral will take the place it should occupy as a consuming factor. The combine therefore proposes to first set the price of oil at 50 cents a barrel, and within six months afterwards advance it to 75 cents, at which figure it is proposed to make the quotation permanent. This will give a good profit to the producer and at the same time help the consumer by insuring to him a cheaper fuel than he now enjoys, and if the proposed trust can accomplish such a worthy double purpose, it will stand unique among monopolies in this or any other State.

OAKLAND HARBOR NEWS NOTES.

Business along the water front on both this side of the estuary and on the Alameda shore still continues to increase. During the present week the ship yards have received enough work to keep a large force of men busy for some weeks to come.

The work of repairing and overhauling old and the construction of new vessels gives that portion of the estuary where the ship yards are located an encouraging aspect of increasing prosperity. Nearly all the men receive good wages and keep their money on this side of the bay. A small fraction of the force now at work came from San Francisco, but judging by the number of men that turn toward Oakland with their lunch pails, it is convincing proof that the majority live on this side of the bay. Mechanics here can supply almost any demand, as is proven by the number now employed.

The lumber and coal companies are also thriving, particularly the latter. Thousands upon thousands of feet of lumber have already been unloaded from schooners from the north, and many more await the time for the discharge of their cargoes.

The Occident Arrives.

One of the heaviest laden vessels that has come into the port during the present, and in fact for many weeks, is the steam schooner Occident, which arrived yesterday from Tacoma with a cargo of 300,000 feet of pine consigned to the Puget Sound Lumber Company. Upon arrival the vessel was made fast to the company's wharf. It will be unloaded immediately. The manager of the company estimates the value of the cargo at $4,800. This calculation is a rough one based simply on a rough and casual estimate. When finally unloaded this figure will, in all probability, be brought up beyond the $5,000 limit. In placing this figure with almost a score of others of similar proportion some idea can be formed of the activity that now characterizes nearly all the firms carrying on business on the water front.

The Coal Companies.

The coal companies are also unusually active in the way of increased consignment. Thousands upon thousands of tons of coal ranging from soft to hard in character have already been discharged with more to follow. Although the teamsters' strike in San Francisco has decreased considerably, the amount of the reception here of freight in the form of general merchandise and food stuffs, the amount of work in other directions keeps the front in a continual buzz of prosperity.

Overhauling Schooners.

Between the overhauling and repairing of the steam schooners Alcatraz and Santa Paula, the construction of new boats and the sawing, planing and general preparation of timber for the different vessels, the men in Hay & Wright's and Dickey's, Boole's and the other yards have but little time to attend to anything but business.

An Oil Boat.

Active work began yesterday in the preparation of the oil boat Santa Paula, which was lifted on the ways Tuesday for a new coat of paint and the cleansing of her hull of barnacles and other obstructions. The hull and keel are in good order and will not have to be repaired. The interior of the vessel will not have to be overhauled very extensively, as it is in a pretty fair state of preservation. As soon as the contemplated work is completed the vessel will be again devoted to the oil trade. Although the exact owners are not definitely known, the general presumption is that she belongs to business men of Port Costa engaged in the oil industry.

Pears'

What is wanted of soap for the skin is to wash it clean and not hurt it. Pure soap does that. This is why we want pure soap; and when we say pure, we mean without alkali.

Pears' is pure; no free alkali. There are a thousand virtues of soap; this one is enough. You can trust a soap that has no biting alkali in it.

All sorts of stores sell it, especially druggists; all sorts of people use it.

MICHAEL STROGOFF AT THE DEWEY THEATER.

The presentation of "Michael Strogoff" at the Dewey Theater is proving one of the greatest attractions that has been produced at that popular playhouse. The piece is well staged and the scenery and costumes were specially ordered for the production. During the fourth act a number of specialties, including some of the favorites from the Orpheum Circuit, are presented.

CONCERT BOOKED FOR TONIGHT IS POSTPONED

The concert which was booked for this evening by the Rev. Father McLaughlin of New York, in behalf of the Sisters of St. Joseph, has been postponed until the latter part of August.

PERSONAL AND SOCIAL NOTES.

Many Oakland People Are Now Returning From the Country.

The week that has just closed at Camp Reverie has been a gay one. Among the guests from Oakland now on the grounds, is the family of M. J. Keller, Oakland's popular merchant prince. Mr. Keller practices his theory of home industry even in his choice of a summer resort," said a young man, who had just been telling me that he always "went to Keller's because he paid fair wages for good work, employed only white labor and was proving that fair profits could be made without resorting to the sweat shop system." Camp Reverie, it seems is regarded as an Alameda county project.

Thursday evening the children took a hand at entertaining the elders and a fine piece of work they made of it, too. Little Adeline Keller, a chubby miss of six summers, took part in a cakewalk with Master Richard Hammond, and both acquitted themselves charmingly. Ethel Keller recited "Old Farmer Ray." Beth Wiled caused much laughter even among the grown-ups by her recitations of "A Pound of Jumps" and "Two Kitters." Little Ruth Heynemann sang a number of songs and was repeatedly encored. More singing and dancing kept the little ones up long past their usual bedhour, which at the camp is not an early one.

On Friday evening the "Minstrel Troup of Coon Hollow" gave a most unique and enjoyable entertainment. The most original and startling costumes were improvised from the Camp's slender resources. Eugene Del Mar, better known to the world as a philosopher than as a "specialty artist" on the stage, and Harry Culmer, whose Yosemite paintings have made him famous on two continents, were end men and produced jokes and conundrums as original and startling as their costumes. The utterly impossible conundrum, "Why is a mouse when it spins," which after much amusing circumlocution, finally elicited the reply, "The fewer the higher," simply brought down a round of deafening applause. Mr. Culmer gave two morning address on art, and when during the "show" he appeared in a costume composed of red stocking, one white one, a pair of green bloomers and a white shirt waist with pink ruffles in the sleeves, and gave a humorous monologue about "de moke wot had bin lecturin' on art." The hilarity reached its height.

Professor George M. Stratton of Berkeley gave two morning addresses on "The Difference Between Men and Women," and "Imitation and Suggestion." On Sunday afternoon he spoke on "The Problem of Pain" with the Book of Job as a text, dwelling with great clearness on the spiritual lessons to be derived from this remarkable drama.

Mrs. H. G. Crafts, the organist of Dr. Baker's church in Oakland, is most kind in playing accompaniments for the various musicales and has more than once delighted the Camp with her beautiful piano recitals.

Miss May Sadler's talent for palmistry, which she is always ready to use for the enlightenement of those who are curious enough to tempt fate by learning what is in store for them, along with the genial spirit which is all her own, has made her a general favorite. If you have never heard Miss Cora Bailey recite the "Lark Jingles," you have much in store for you.

Other arrivals from Oakland are Mr. and Mrs. R. H. Hammond and Master Hammond, Mr. and Mrs. W. L. Culver and Miss Culver. Messrs. George and Albert Keller, Adeline and Ethel Keller, Judge A. L. Frick and wife, Miss Bader, Mr. and Mrs. Bronson, Mrs. M. E. Taylor and Miss L. Taylor, Mr. and Mrs. E. M. Dean, Milton Dean, Miss W. H. Price Jr., Mrs. E. H. Forester, Mrs. E. F. Reed, Miss C. E. Reed, and Mr. H. G. Crafts.

Arthur F. Clark, city editor of the Riverside Press, is stopping at Berkeley.

Miss Claire Haelke of Oakland and Miss Alma Schroeder of Alameda are spending several weeks at Lotus Farm, Napa county.

Dr. J. A. Ewing of Dallas, Tex., is visiting his brother in this city. He is an uncle of J. Cal Ewing, the popular County Auditor.

Miss Marguerite Morgan of Alameda, who has been visiting friends in San Diego, will return to day on the steamer Santa Rosa.

Ex-Judge Stephen G. Nye, wife and daughter of Oakland were recently registered at 44 Rue de Clinchy, Paris. The Judge is one of those Oaklanders who, when away from hime, always acknowledges this city by registering from Oakland instead of from San Francisco, as many Oakland people do. The New York Herald's Paris edition, however, registers Judge Nye as St. G. Nye.

Mrs. Remi Chabot and daughters, Mrs. Robert Knight and the Misses Chabot, returned today from Villaremi, their country home.

Mrs. T. A. Crellin returned home today from Ruby Hill, Pleasanton.

Mrs. H. M. A. Miller is back from Blythesdale.

Mrs. M. W. Kales has returned from a sojourn at Rowardennan.

Estate Appraised.

The estate of Jacob A. Johnson, deceased, has been appraised at $987.50. It consists chiefly of a piece of property on Williams street, near Pine.

His Terrible Cough.

Few things are so depressing and weakening as a constant cough. Few things are as discouraging as a cough that will not yield to treatment. Dr. Pierce's Golden Medical Discovery cures coughs when all other medicines fail, because it is more than a cough medicine. The cough is but a symptom. "Discovery" makes new and pure blood, heals the lacerated tissues, and gives the body the needed strength to throw off disease. It cures the cough by curing the cause of the cough. There is no alcohol, neither opium, cocaine, nor other narcotic in the "Discovery."

"I had a terrible cough something over a year ago and could find nothing to stop it, or even to do me a particle of good," writes Mr. J. M. Farr, of Cameron, Screven Co., Ga. "I chanced to see an advertisement of yours, and forthwith bought a bottle of your invaluable 'Golden Medical Discovery.' Before I had taken half a bottle I was entirely well."

BANQUET IS GIVEN TO THE KING.

The Third National Schuetzen Bundes Festival was brought to a close yesterday with a banquet to King Strecker in Schuetzen Park, San Rafael. The program for the last day was opened by President Kuhls of the National Bund.

In his opening address he said: "The least I can say is that everything the officers of the Bund have to offer is California's. Take what we have and be welcome, and believe me when I say that I am only sorry that we have not more to give."

President Kuhls was followed by Captain C. F. Grennerich of New York, King Strecker and other prominent marksmen.

"Twenty-two years ago," said Strecker in a brief address, "I could have claimed credit for being a marksman. Today I give credit to my gun. As a Californian I cannot say much, but I do say that I am glad for the sake of the glory of my State that I won."

PREPARE FOR OPENING OF THE PUBLIC SCHOOLS

TROUBLE OVER THE PERALTA SCHOOL TEACHER—ASSIGNMENTS MADE BY THE CLASSIFICATION COMMITTEE—RECOMMENDATIONS MADE BY PROF. POND.

The question of patronage and securing desirable positions for certain teachers played an important part in the new classification adopted by the City Board of Education last evening. The meeting was called to take action on the report of the Classification Committee.

After the report had been submitted and Superintendent McClymonds was reading it, Director Russ interrupted the proceedings by stating that Miss Etta Parsons had not been assigned to the position which he understood she was to have.

Superintendent McClymonds explained that another vacancy had occurred since the committee had met and that Miss Parsons had been assigned to an equally good position. The vacancy was occasioned by the resignation of Miss Clara Abbott of Los Angeles and this also had to be filled.

Director Gray stated that he had forgotten to state the fact of the additional vacancy to the Board members.

The question of assigning a teacher for the Peralta School District was then brought up by Director Button. He stated that the residents of the district were divided into two factions and that the teacher who taught there last year, Miss Grace Bliss, was not equally desirable to both sides. On one side was George Colby and his followers. On the other were A. D. Pryal and several other residents. About three months ago, Button said, a majority of the residents had petitioned the Board of Supervisors to be admitted to the city school system and their petition was granted. Button had then stated that he would use his efforts to secure for the district a teacher who would be agreeable to all concerned. He asked the Board to transfer Miss Bliss to some other school and assign another teacher to take her place.

During the discussion that followed it was brought out that very few, if any of the regular teachers would accept the position, unless compelled to do so, on account of the remoteness of the school house. The school is conducted at the Four Mile House on Claremont avenue, and the teacher has to board in that vicinity in order to be there in time to open the school in the mornings.

Button suggested a number of teachers to take the place, but other members of the Board declared that none of those mentioned would care to accept the place as long as they could have a position in the city.

Director Clift suggested that Button might know of some teacher who would be willing to take the place. Button said he did not know of any one at that time.

Director Isaacs moved that the report be referred back to the committee for further consideration, and the motion was carried.

When the report was again submitted for adoption, Directors Button and Randolph objected to the section reappointing Miss Bliss to the Peralta School. By consent that section was omitted and the report adopted. After that the section referring to the Peralta School failed to carry by a vote of 4 to 4. Directors Button, Randolph, Isaacs and Chairman Redington voted in the negative and Directors Gray, Russ, Evans and Clift in the affirmative.

Superintendent McClymonds stated that either Miss Bliss would be returned to Peralta, or, if not, the first teacher on the preferred list would be appointed to the position. As Miss Bliss had already been appointed a teacher, he said that there would then be an extra teacher on the pay roll.

Director Evans said that when he voted to place Miss Bliss on the list of teachers he understood that she was to take the Peralta School, otherwise he might not have voted for her. Another Director stated that he had also understood that Miss Bliss was desirous of keeping the position.

Director Isaacs wished to know why Miss Brownie Brownell, who had no experience as a teacher, was to be assigned to the position of principal's assistant for the Bay, Temescal and Piedmont schools, and at a higher salary than that received by grammar grade teachers.

Superintendent McClymonds stated that Miss Brownell was a State University graduate, and that her training amounted practically to two years' experience at teaching.

Director Gray said that her salary was fixed at $12 more annually than the other teachers to cover her expenses in traveling from one school to another. He said it had been found necessary for the principals to have assistance, and by having a teacher who could distribute her time among the schools, the salary of an additional teacher was saved.

CLASSIFICATION.

The report on classification as finally adopted is as follows:

"OAKLAND, July 24, 1d01.

"The Committee on Classification recommend as to the classification of the grammar and primary schools:

"That the principals of the Tompkins School and the Clawson School be required to teach one-half of each day.

"That there shall be assigned three teachers holding grammar grade certificates, who shall serve as assistants to principals, whose salaries shall be $912 per annum.

"That one of said assistants to principals shall divide her services between the Tompkins and Clawson Schools, equally.

"That the second of said assistants to principals shall divide her services between the Bay, Piedmont and Temescal Schools, in proportion to the number of classes in each school.

"That the third of said assistants to principals shall divide her time and services between the Grant, Harrison and Swett Schools in proportion to the number of classes in each.

"That for assistants to principals there be assigned:

"For the Tompkins and Clawson School, a teacher from one of those schools.

"For the Bay, Piedmont and Temescal schools, Miss Brownie Brownell.

"For the Grant, Harrison and Swett Schools, Miss L. R. Nash.

"That the duties of the assistants to principals shall be to do the work of the principal which shall be assigned to her, while in the school buildings.

"That a new class be formed immediately in the Bay School, and the Committee on School Houses and Sites be authorized to prepare a suitable room in the basement of the Bay School building for such class.

"That the Ninth Grade classes in the Franklin School be discontinued.

"That the teachers of the grammar and primary schools who have been re-elected into this Department be directed to report to the schools where they were employed at the close of the last school term, without change of assignment, except as follows:

"In the Cole School Miss F. G. Smith and Miss Margaret Conners shall be assigned to first-grade classes Miss Isabelle F. Morrison and Miss Susie Snook shall be assigned to second-grade classes. Miss Sallie B. Hampton, Miss Martha McClure, Miss Maud M. Pearce and Miss Ada Russell shall be assigned to the third and fourth grade classes, and Miss Mabel Hollis shall be assigned to a vacant class in the Cole School to be selected.

"In the Piedmont school, Miss Clara F. Boardman and Miss Etta Parsons be assigned to the vacant classes.

"In the Lafayette school, Miss Grace Wasson shall be assigned to the vacant class.

"In the Garfield school, Miss Minnie Newman shall be assigned to the vacant class.

"That Miss Estelle Lucy shall be assigned to the Bay school.

"In Durant school, Miss Flora E. Mitchell.

"That in the Harrison school, Miss S. T. Leet shall be assigned to a class of pupils in the first grade.

"In the Franklin school, Miss Grace Hostette shall be assigned to the class made vacant by the leave of absence granted to Miss E. M. Bartholomew.

"All other teachers in said schools are to be assigned in accordance with the rules of this Board, unless otherwise recommended by the Classification Committee.

"That the following named teachers be directed to report to the new Polytechnic High school for assignment to classes:

L. D. Inskeep, Paul J. Mohr, B. F. Allison, Charles Burkhalter, Goddard Gale, Miss Martha Brier, Miss Mary C. Heaton, Miss Harriet E. Corliss, Miss Evelyn Gilmore, Miss Mary L. Teel, Mrs. Nell K. French, Miss Harriet C. Simpson.

"That the following named teachers be directed to report to the High school for assignment to classes:

"S. P. Meads, C. L. Biedenbach, W. H. Graves, F. W. Koch, E. F. Burrill, Miss E. A. Packard, Miss K. M. Wertz, Miss Minnie Bunker, Miss G. M. Fisher, Miss E. H. Hilton, Miss C. L. Williams, Miss M. Wythe, Miss M. C. Herrick, Miss L. E. Johnson, Miss C. B. Palmer, Miss Annie F. Brown, Miss Mary E. Moore, Miss Susie B. Culver, Miss Ethelynd H. McClymonds, Miss Florence Hanna, Peter Le Fort, Miss Bertha Knox.

"Your committee, with the aid and approval of Prof. J. H. Pond, principal of the High school, has prepared and arranged a course of study for the High school, for the graduates from the eighth grade, which we herewith submit.

"Your committee has also, with the aid and approval of Mr. P. M. Fisher, the principal of the Polytechnic High school, prepared and arranged a course of study for the school named, which we herewith submit.

"GILES H. GRAY, Chairman."

STUDY COURSES.

The report of the High School Committee on courses and periods was adopted and the committee authorized to have it printed. Principal Pond of the High school was in conference with the committee when the report was framed.

The periods of study in the High school and the Commercial and Polytechnic school are changed from five to six in number. There are four periods of forty-five minutes each in the morning and two periods of forty-five minutes in the afternoon. Between the afternoon periods there is a period of thirty minutes for study. Director Button explained that by the new arrangement pupils would have two hours during the day for study at home. Two hours of study at home, in addition to the time allowed in school, he thought, would be sufficient preparation for the average pupil's day's work. No pupil, he said, would have recitations in more than four periods during the day.

OTHER MATTERS.

Miss E. M. Bartholomew was granted a leave of absence for six months. She has taught several consecutive years.

A requisition presented by Superintendent McClymonds for new chairs for the Board rooms was granted.

An application of President John A. Britton of the Oakland Gas, Light and Heat Company for permission to change the electric motors in the Central and High schools was granted. It was stated in the application that, owing to the introduction of long distance transmission power service, it would be necessary to change the motors in the school buildings, putting in direct motors. The change, it was stated, would be made without any charge to the School Department, and that the new appliances would be as efficient and economical as those now in use.

A letter from Ronald P. Gleason, thanking the Board for the complimentary resolutions adopted in regard to his resignation, was read and filed.

An application presented by Frank M. Cattell for permission for the Alumni Association of the Commercial and Polytechnic High school to occupy a room in the latter building on the evening of August 1 for the purpose of effecting further organization was granted.

The following communication from Secretary Walker of the Merchants' Exchange was read and referred to the Committee on Rules and Regulations:

"Oakland, July 24, 1901.

"To the Honorable the Oakland Board of Education—Gentlemen: At a meeting of the Merchants' Exchange, held July 16, 1901, a committee consisting of the following members was appointed to consider the matter of school vacations: A. Jonas, H. M. Sanborn, A. Salinger, A. H. Schleuter and J. L. Champlin. The secretary was instructed to request your honorable body to designate a time when said committee can confer with the proper committee of the Board of Education with reference to said matter. Truly yours,

"WILBUR WALKER, Secretary."

LADIES THANKED FOR GOOD WORK

How the Visiting Soldiers Were Entertained on the Day of Independence.

The following letter, which is self-explanatory regarding the work of members of Lyon W. R. C. and other ladies also in connection with the Fourth of July celebration, has been forwarded to THE TRIBUNE for publication.

"Oakland, Cal., July 8, 1901."

"Lyon Relief Corps, No. 6, W. R. C., Oakland, Calif.—Ladies: While you were not permitted, as an organization, to take part in arranging for and preparing the refreshments of the visiting soldiery on July 4, you did, however, as patriotic ladies, assume the responsibility of the arduous task, and, therefore, as chairman of the Parade Committee and as Grand Marshal, permit me to extend to your body my sincere thanks for the very material assistance, which the members of your Corps rendered to the committee appointed by the Executive Committee of the Fourth of July celebration.

"I wish to say to the ladies that, had it not been for their services, the task which we essayed to perform could never have been accomplished, and, to them, together with the ladies of the Appomattox Relief Corps, Ladies of the G. A. R. and to the Ladies of the Catholic Aid Society belongs all the honor of the perfect success which they made of this feature of the celebration.

"Nothing but words of praise for the work of the ladies was heard upon every side, and, so far as the soldiery is concerned, the marines, naval apprentices, National Guards of California and League of the Cross Cadets will remember the day as one of the most pleasant of their experiences.

"To the ladies of the Lyon Relief Corps more than to anyone else belongs the credit of this occasion. Again thanking you, I am, yours very truly,

"GEO. W. ARPER,
"Grand Marshal."

His Plea For Mercy Did Not Count in Police Court.

Joseph M. Lester, charged with passing a bogus check for $29 upon E. M. Hundley, made an eloquent plea for clemency before Police Judge Smith this morning, but as the crime is a felony and the Judge acts merely as a committing magistrate, his words had little effect.

"This is the first time I have ever been in serious trouble," said Lester, "and I have a young wife depending upon me. I have always led an upright life and I have served my country honestly and faithfully in the war in the Philippines. I didn't know what I was doing when I committed this crime."

"How long have you been married?" asked Prosecuting Attorney Leach.

"Three months," answered Lester.

"Two months of that time were spent in jail, were they not?"

"They were," admitted Lester, hanging his head.

"You have been in trouble before?" persisted Leach.

"Only in San Francisco. I passed a similar check there at the time this crime was committed."

As Lester was first charged with a misdemeanor, Judge Smith fined him $50, with the alternative of spending twenty-five days in jail. Later, however, the charge was made a felony, the judgment set aside and Lester was given until July 30th for examination.

PRISONER ATTACKED BY FATELY'S DOG.

Willie Hood, a 14-year-old boy serving six months in the County Jail for stealing a shotgun and pistol, was severely bitten on the leg this morning by A. B. Fateley's St. Bernard dog, which is being detained at the jail to secure a claim of $150 presented by W. J. Spotswood, a San Francisco dog fancier.

Hood and John Schneider, his accomplice, were playing with the dog in the jail court. After considerable teasing, the animal lost his patience and started after young Hood. He climbed up a pipe on the wall, but the dog caught him before he could get out of reach. The animal snapped his teeth into the boy's leg and pulled him to the ground. The boy's cries were heard by Clarence Bassett, a trustie, and he succeeded in liberating the boy, after beating the dog severely.

Hood was taken to the Receiving Hospital to have his wounds treated. The dog's teeth had pierced deeply into the calf of his leg.

PHYSICIAN ARRESTED ON A SERIOUS CHARGE.

Dr. D. E. Mason, who conducts a drug store in Upper Fruitvale, is detained at the City Prison pending an investigation into the serious illness of a young woman from Sacramento, whose name is being withheld by the police. The young woman is suffering from the effects of an operation which she claims was performed by Dr. Mason.

Yesterday a man called upon Police Captain Petersen and complained that the people in charge of Mrs. Jordan's private maternity hospital at 770 Sixth street were trying to extort $50 from him. Petersen and Sergeant Green called at the hospital and there found the young woman with the stranger who had made the complaint and Dr. Mason. It was then found that the hospital people had accused the girl or her friend of having taken a $50 gold watch which was missing. When the officers had heard the girl's story to the effect that Mason had operated upon her last Saturday, they took Mason in charge pending a further investigation. In the meantime Dr. W. S. Porter is attending the young woman.

CASHIER YATES PASSES AWAY.

Was Well Known and Popular in Oakland Banking Circles.

Charles R. Yates, the popular cashier of the Central Bank, died at Fabiola Hospital at 12:30 this morning.

At the time of Mr. Yates' passing away he was attended by all the members of his family, who had been for some time in anticipation of the end.

The death of Mr. Yates has caused profound regret in social and business circles throughout the city because, for years, he had been familiar in social organizations as well as in the financial world.

The illness of Mr. Yates dates back only to Friday last. It was at first supposed that his ailment was due to gastric irregularity, to which he had been more or less subject for some time. He was attended by Dr. J. S. Akerly. A few days passed, but Mr. Yates did not rally from the attack. It was then evident that Mr. Yates was suffering from an aggravated attack of appendicitis.

The patient was moved to Fabiola Hospital, where it was decided to perform a surgical operation, which it was thought would alone save his life.

The operation was performed by Drs. Akerly and Buteau. The patient seemed to rally, but not sufficient to encourage his physicians or friends to hope for ultimate recovery.

Yesterday morning at 8 o'clock it was believed that he could not survive for two hours, but later in the day there was a slight increase in the strength of the patient. This, however, gradually diminished until the end came.

The deceased was a native of this State and passed his boyhood in this community, where he was generally esteemed. The promise of youth was realized in studious application in business affairs.

In 1885 he became connected with the Oakland Bank of Savings, acting in an humble capacity, with the avowed purpose of learning the banking business from the lowliest round in the ladder.

By studiousness and native financial acumen, he rose to the position of assistant cashier of that bank, and held the position for several years.

In 1890 Mr. Yates was married to the daughter of R. R. Thompson, at that time a widow.

About nine years ago, when the Central Bank at Broadway and Fourteenth street was established, Mr. Yates was chosen for the position of cashier, and held it up to the time of his death. He filled the position with constancy and fidelity. He was ever at the post of duty, studious and watchful of the interests of the bank, and obliging and accommodating to all its patrons.

With increasing years his financial qualifications became correspondingly acute and he was accounted a valuable factor in the conduct of the Central Bank.

Mr. Yates was a man of quick perceptive faculties, ready judgment and a positiveness of conviction which was not easily affected after he had exercised his powers of reasoning in a case.

His activity was not confined to financial matters. He took pleasure in games of agility, especially in earlier years, and this disposition was entirely in keeping with the reflex action of his mind.

He was a lover of good judgment, and never hesitated to do his duty at the polls, even when some astute friends seemed to think it would be policy to remain neutral or inactive.

In social life, he did not seek exclusive society as such because he was cosmopolitan in his tastes, but, at the same time, there was no set in which he was not always met by a welcome.

For some time he has been an active member of the Athenian Club in this city, and there, too, the characteristics which distinguished him in other environments governed.

Into the project of the proposed new building for the club he entered with earnestness and enthusiasm, and the almost completed structure of today, after a few months of effort, at the northwest corner of Fourteenth and Franklin streets, is in no small manner to be credited to him.

In his relations with men and women of business Mr. Yates was urbane and gentlemanly, and between him and those who were immediately associated with him in the bank there existed the strongest ties of friendship and esteem.

W. G. Palmanteer, the manager of the bank, always pushed Mr. Yates to the front, and the latter was the friend and advocate of the former. With Mr. Palmanteer as the leader, these two men built up a great banking institution.

There are none of Mr. Yates' associates who do not feel in his death a personal and professional bereavement, the feeling including the most humble as well as the most exalted personage in the concern.

Mr. Yates was a member of no fraternal organization.

His home was at 1325 Chestnut street. He leaves a widow and one son. There will be no funeral exercises at the home. They will be held at the chapel in Odd Fellows' Cemetery, San Francisco. The remains will be cremated. The employes of the bank will probably attend in a body at 4 P. M. tomorrow.

ENGINEER STARK'S WILL IS FILED FOR PROBATE.

The will of the late Francisco's Stark, the well known old-time engineer of the Southern Pacific Railroad Company, who died here a few days ago and who was a great grandson of the Revolutionary War hero of that name, was filed today by his friend, Wilber Walker, who is named as executor. It bears date of July 10th of this year. The estate is valued at $26,360. Bequests are made as follows: To a daughter, Mollie, $12,000; a brother, Charles, of New Hampshire, a sister, Sarah J. Richards of Maine, Cyrus Newbegin, a friend, of San Francisco, $1,000 each; David Stark, a nephew, of New Hampshire, $500; Mrs. Rebekah Childs, last nurse and attendant of the deceased, $1,000 and household furniture valued at $100.

It is provided that in the event of a contest of the will by the daughter she shall receive but $1,000. The residue of the estate after the bequests are paid goes to the daughter. Nye & Kinsell are attorneys for the estate.

HENSHAW TELLS OF HIS DEAL.

Has Already Received Two Offers to Sell Haywards Electric Line.

"I am not an agent for the Baltimore syndicate of electric railway purchasers, neither am I a representative of the Oakland Transit Company."

These words were spoken today by W. G. Henshaw, president of the Union Savings Bank, who, yesterday, purchased two-thirds of the stock of the Oakland, San Leandro and Haywards electric line, the story of which purchase was told exclusively in THE TRIBUNE of yesterday.

The news of the purchase has given rise to all kinds of surmises as regards the ultimate purpose of Mr. Henshaw in making the purchase.

It has been speculated in the public prints that he made the purchase for the Oakland Transit Company which latter sought to gain control of all the electric lines in Alameda county.

It was also intimated that Mr. Henshaw acted as agent for the Baltimore syndicate, which has purchased electric lines running from San Francisco to San Mateo county, as also in San Jose, with the eventual purpose of establishing a belt electric line through the counties of San Francisco, San Mateo, Santa Clara and Alameda.

In a modest way this morning Mr. Henshaw denied these stories, stating at the same time, that, so far as he was personally concerned, he would much prefer that the matter be treated simply as would be any other private transaction.

"I am not," continued he, repeating the denial, "an agent for the Baltimore Syndicate. I do not represent the Oakland Transit Company. As I told you yesterday, the road was bought by my own money. It was not bought by the Baltimore Syndicate nor for that syndicate. It was not bought for the Oakland

He asks for an injunction pending the determination of the validity of the assessments.

SHE MET A DUMMY AT DOOR

Practical Joke Sends a San Leandro Woman Into Unconsciousness.

SAN LEANDRO, July 25.—Last Friday evening a crowd of boys placed a dummy against the door of Mrs. Philbrick's home on Callan avenue. They then rang the bell and ran away.

When Mrs. Philbrick opened the door the dummy fell against her, and so badly frightened the lady that she fell to the floor in a swoon.

Dr. Mason was called, but it was some time before Mrs. Philbrick gained consciousness.

The trick was done by a gang of local hoodlums who amuse themselves by disturbing people at night, and it will go rather hard if they are found out in this case.

Lien Is Filed.

LIGHTS FOR THE CANNERY.

Haywards Company Will Use Its Own Plant for the Present.

HAYWARDS, July 25.—The placing of wires in the main building at the cannery has just been completed and the lights tested. It was found, however, that the dynamo used was not large enough to run the number of lamps.

At the present time the cannery is furnishing its own power and will continue to do so until the 1st of August, at which time the Standard Company will have its power on the ground.

The other buildings are still being wired and the work will soon be completed.
